- 1 Hoppes Boresnake® for fast cleaning between shots
- 1 Plastic instructions, gun lock, safety glasses and ear plugs

AUXILIARY LINE (ROPE): These kits do not include auxiliary line. High quality United States Coast Guard or SOLAS compliant auxiliary lines are now available from Naval Company! USCG: 9,082 pound breaking strength, or SOLAS, 11,959 pounds breaking strength available. Color: safety orange. Request more information and a quote.

IMPORTANT: Consignee must complete Export Agreement, and provide to Naval Company, Inc an import license(s) or written approval from the proper authorities for the import of these line guns and blank ammunition. Consignee is responsible for all necessary import paperwork and requirements. Consignee pays duties, taxes, customs clearance, charges on arrival, delivery to destination, and any other charges associated with receipt of these products into your country.

Our blank cartridges have no expiration date; the date on box is the date they are packed for shipping. The manufacture date is in the lot number. Blank cartridges properly stored, dry and undamaged, have a long shelf-life. A Safety Data Sheet (SDS) is supplied with all blank cartridges for shipping and for the end-user. Request details for import license.

WARNING: Do Not Remove line canister: line gun is considered an illegal weapon by the US Government and many countries without line canister.
